Cpl J. A. Connah, M. M., who  
returned home on Monday, tried to enlist at Calgary in  
June 1915, but was not accepted. He then went to Saskatoon  
where they told him he would  
have to undergo an operation, at his own expense. After four  
weeks in the hospital he was  
accepted sent overseas, and was  
14 months in the trenches with  
a machine gun section. While  
in charge of a gun squad of five  
men he captured a German of  
ficer and 16 men and a gun they  
had dismantled, refitted it and  
turned it on the enemy. He  
was recommended for a com-  
mission and the Military Medal.

Cpl Connah was gassed at  
Vimy Ridge and sent to Eng-  
land, afterwards being put on  
the Instructing Staff.  
Contributed.

The local branch of the G. W.  
V. A. held their regular meeting  
last Saturday, there being a  
good turnout of the members.

The members wish to thank  
R. E. Fawcett who has donated  
a mounted moose head to the  
local branch. This head is at  
present in the Consort Hotel.  
The sum of \$33.25, which was  
remaining from the subscrip-  
tions raised last year, was turned  
over to the Association.

An open meeting will be held  
next Tuesday afternoon in the  
interests of the coming cam-  
paign for a memorial fund. See  
the ad below for particulars.

There was a large attendance  
at the entertainment and sale,  
last Friday, given by the Ladies  
Aid. A program consisting of  
songs, trios, dialogues, etc., was  
presented after which Auctioneer  
Garries sold the goods the  
ladies had provided, everything  
being readily disposed of.

The sum of \$71.00 was raised  
during the evening.

Having taken over the Meat  
Market this year, A. Grace is  
now on the market for fat hogs  
and beef cattle.

Pte Albert O. Gudim returned  
home on Tuesday from overseas. Pte Gudim was wounded  
in action just a few weeks before the war ended.

**BUSY BIDEFORD**

Outside of a few minor fatalities this district has pulled through the recent cold snap with high honors. A few cases of frost-bitten ears and noses have come to our attention, but otherwise no complaints.

Miss Inkster, of Edmonton, spent the weekend with her sister, here, before taking charge of the Crossroads school. Here's wishing you luck in your new position, Miss Inkster.

Mr. and Mrs. Claude Hert, of Sledalia, are visiting at the home of Mr. Guy Garrison.

It is with sadness that we report the death of Mr. Brovold. Though he had been niling for some time the end came quite unexpectedly Thursday evening Feb. 27th. Mr. Brovold was one of the pioneers of this district, coming from Dakota over seven years ago, and with his passing the community loses a progressive and highly respected member. The funeral was held yesterday, at Coopers.

To the sorrowing wife and family we wish to extend in this time of sorrow our heartfelt sympathy.

Don't forget the concert on Tuesday, Mar. 11, by the Varsity Sextet, a company of high class talent. We can assure you an enjoyable evening. Dance after,

The stout hearts that weathered the storm on Friday night to attend a party given by Miss Inkster report a good time.

*At the guide of the home* going crowd led them a merry chase, through sloughs and snowdrifts, they eventually reached their homes with only two casualties, both frozen ears. The following morning we happened to meet one of the afflicted and to our question of how he felt, gave the quite determined reply, "Never again! Just look at that ear." It sure was some ear alright, Scottie, but we hope it will soon be able to be out again.

From Calgary comes the report that the Newsman is having the time of her life, renewing old acquaintances in the city. Mrs. Conquest was official delegate at the annual meeting of the Provincial Red Cross held in the Palliser, Calgary.

**A Trifle Chilly, Eh What?**

Many remarks, favorable and otherwise, have been made concerning the temperature of last week; but a report issued by a certain well known young lady of this burg, perhaps brings home, with more force, to those of us who were hugging a nice warm fire, the fact that we were passing thru the coldest week this winter.

The young lady states that on a certain morning recently she awoke to find that the hot water bottle which she had placed at her feet on retiring, had frozen and burst during the night, and it required a solid hour in the morning to thaw it out. She also states that on the same night she found it necessary at regular intervals to rub her nose to keep it from freezing, and altho she had that she froze her feet while at the rink she is firmly of the belief that it occurred during the night that the hot water bottle came to grief.

**To Solve Canada's Employment Problem**

**E**VERYONE in Canada should understand just what the Government is doing to solve the unemployment problems that may arise through the demobilization of our fighting forces.

**(1) Employment Offices.**

So that everyone—male or female, soldier or civilian—can get quickly such jobs as are available the Government is co-operating with the Provinces in establishing a chain of Public Employment Offices. Employers are being urged to make use of these offices to secure any help they need. Farmers, for example, who need hired men should apply to the nearest office. There will be a Public Employment Office in every town of 10,000 people—and wherever the need for one exists. There will be 60 different offices in all—one-half are already in operation.

**(2) Employment Opportunities.**

The war held up much work that will now be carried on at once. Public works, shipbuilding, roadbuilding, railway work—construction of bridges, improvement of road-bed, making of new equipment—they will provide new opportunities for employment. In addition, the Government has sent a Trade Mission overseas to secure for Canada a share in the business of providing materials and products required for reconstruction work in Europe. It has also set aside the large sum of

\$25,000,000 to be loaned through the Provinces to encourage the building of workmen's houses. This will mean much new work in the spring.

**(3) Land and Loans for Soldiers**

To help soldiers become farmers the Government has developed a programme that includes the providing of land, the granting of loans, and the training and supervision of those inexperienced in farming. At present, the soldier is granted, free, in addition to his ordinary homestead right, one quarter-section of Dominion lands. He also receives a loan up to the maximum of \$2,500.

These original plans are now being broadened. If Parliament passes the new proposals during this session, the Soldier Settlement Board will be able to buy suitable land and re-sell it to the soldier at cost.

Land up to the value of \$5,000 may be bought by this plan—the money to be repaid in 20 years. The low interest rate of 5 per cent will be charged. These new proposals will also permit the Soldier Settlement Board to loan the soldier-farmer up to \$2,500 for purchasing equipment, etc., in addition to \$5,000 loan on his farm.

Note and Comment

A magazine writer says that poverty is a blessing in disguise. Well, the disguise is so perfect that but few of us are able to see through it.

Are we, as a community, pulling together? Or are we pulling in opposite directions. Organization is the great community need of the day. Without organization men and women are apt to sink below the level of mules. Even mules, in times of danger or panic, have been known to co-operate, they sometimes kick together. That men and women, living and working in the same community, should refuse to co-operate, is one of the riddles of civilization. The only benefits wroth having are the benefits we can share with our neighbors, individual benefits count for little. It is the co-operative effort that brings everlasting good; good roads, good markets, better schools, fine hospitals can only be secured when all pull together.

Money may not talk, but it cheers a man up wonderfully.

The possibilities for making a good profit from winter eggs were never better than they are at the present time; altho many poultrymen and farmers have reduced their poultry activities during the last year, thinking that at the present high price of feeds, profits from eggs would be impossible. However, the profit or loss from the poultry business does not depend upon the feed alone. The successful poultryman must pay the strictest attention to all the essentials of care, feeding and management, if he is to make his work profitable. Even the slightest negligence on the part of the poultryman in any of these essentials may mean the loss of many eggs. A high producing hen is like a very delicate machine, easily put out of repair. Anything that interferes with the health of the flock for even a day may cause a high producing flock to become non-producers for a period of from two to three weeks or longer. Remember a hen lays an egg, or doesn't, never a half. All hens or pullets should be efficient transformers of raw materials into a finished product. This transformation, to be the most profitable, should take place when the price of the finished product (eggs) is at its

maximum, which is during the winter months. All hens or pullets tend to consume similar amount of food, regardless of whether they are good or poor winter layers.

It is time that preparations were under way for the breeding season. The male bird or birds that are to be used for breeding should have been selected before this, and be in prime condition. Great care should be exercised in the selection of the male, he is more than half the flock. When the pullets are put into their winter quarters in the fall, close tab should be kept on them, and note made of those that start to lay early and are persistent in production.

The work of Repatriation is no one-man's job, it is the duty and privilege of every citizen of the Dominion of Canada.

The war was not the work of the soldiers alone, it was the task of every Canadian, and it is our pride that Canadians as a whole recognized that, and set a standard for self sacrificing, intelligent joyful service not surpassed in any country.

The boys who braved the battle are returning, meet him when he comes home, give him the good hand, be kindly, sympathetic towards him, and then help him to get a good position.

Repatriation is a big problem but the solution can and will be found in patient, kindly treatment.

Your attention is drawn to the notice regarding the Income War Tax Act, which appears on another page of this issue.

## NOTICE

### To Employers

The Workmen's Compensation Act, 1918  
provides that every employer of labor com-  
ing within the scope of the Act, shall  
forward quarterly a statement of his  
payments to the Workmen's Compensation  
Board, at Edmonton.

As the Act is now effective, employers  
should at once communicate with the Sec-  
retary of the Board, who will forward such  
forms and information as are necessary.

THE WORKMEN'S  
COMPENSATION BOARD,  
Edmonton, Alberta.

The weather having eased up  
again we can once more go out  
and enjoy life. Still, with only  
one week of cold weather all  
winter, we have no kick coming.
